# Year One

Welcome to a brand new month dear parents.

We are all fully settled and are now familiar with all our classroom routines; we are learning to use our problem solving skills, language skills, mental reasoning abilities to tackle our daily experiences in class.

Academically, we have learnt a lot of new lessons in different subject areas.

Our National Day celebration was celebrated on the 4th of October and our class represented the South – South part of Nigeria. We had a display of their dance, attire, language, greetings and a talk show on some important facts about South-South. Thank you dear parents for making this day a big success for us.

On October 5th, we celebrated the World Teachers Day. The children played the role of teachers and it was an interesting discovery as different skills were exhibited by them. We also had our first Continuous Assessment tests and the children did so well.
