NEWS FROM Mrs. Daniel's Class

Dear parents,

We welcome you to a new term. We also welcome our friend Adaeze to the infant room, we are glad to have you in our class.

We started this third term with a very exciting theme **“farm animals”**.

In a very short time, most of us can already identify some farm animals and can make their sounds e.g chicken – cock a doodle do ,cow - moo, goat- baa etc.

In Mathematical Development, we are daily creating the awareness for numbers as part of everyday activities through rote counting, number rhymes, primary colours and basic shapes. Most of us can rote count 1-10 without assistance, this will continue to be re-inforced.

For colours, we are re-inforcing the identification of colours ‘red’ and ‘yellow’ by pointing out all the red and yellow objects in our environment. Please endeavor to do the same at home.

Most of us can identify our fruits such as apple, pineapple, orange and banana.

In Personal, Social and Emotional Development, we are developing our social skills. We are improving daily in our Communication and Language development through story reading, naming and identifying everyday objects and picture reading. In care of self and environment, most of us can pick up balls and put them in a basket nicely, we are also getting better in arranging our bags and shoes.

So you see mummy and daddy, we are learning every day and it’s so much FUN.

A LOOK AT NEXT TWO WEEKS

- Talk about farm animals, their young ones and their sounds.
 - In P.S.E.D, caring for farm animals and their environment.
 - In Physical Development, walking on a straight line.
 - Identification of numbers 2 &3.
- Photo Session: June 2nd & 3rd.
